Nick's Story-

Nick Price is a senior at Academic Magnet High School and loves soccer. He plays on the varsity soccer team at Academic Magnet and also plays club soccer for USA/MP 99 Premier. Nick was diagnosed with an exophytic pontine glioma brain tumor on January 29, 2015. His tumor was growing from the brain stem into the 4th ventricle of the brain. This is a very complex, hard to reach tumor in the pons area of the brain stem. This part of the brain controls several vital functions of the body including voice, eyes, arms, legs, swallowing and breathing. The family traveled the country meeting with several different neurosurgeons trying to find someone who could get to the tumor without causing severe neurological deficits or worse. Two very talented neurosurgeons partnered up to perform Nick's surgery across the country in Phoenix, AZ. Nick had 2 surgeries - 2 days apart to remove the tumor that is now 100% gone. It took him months to recover and now Nick is on a mission to help others. He has started a nonprofit organization called the Nick Price Foundation to financially and emotionally help those that have been diagnosed with a brain tumor or any other cancer. Please visit NickPriceFoundation.Org for more details.

100% of our proceeds help families battling brain tumors and cancer. Our staff is 100% volunteer.
